## Change of Ownership Announcement Letter

Hello,

*Thank you very much for choosing the Clinic Eyewear for all of your Optical needs! It's been a pleasure to be with you in the past and, hopefully, will be in the future. I have written to tell you that our firm Clinic Eyewear, located at the Oshawa Clinic, 117 King St E, is being transferred to a new owner Dr. Michael Pellegrino who currently owns 2 longstanding Practices that serve the Durham Region. The change in ownership and location would begin February 1<sup>st</sup>, 2022.*

*Dr. Pellegrino has advised that there is no modification of the goals and policies of Clinic Eyewear. He likewise assures me that the company is going to sustain the reputation and standing that we have managed to build for 35 years. I decided to take the steps of changing the ownership of the firm because I believe the company and I are able to pursue our opportunities separately now. The new owner Dr. Michael Pellegrino intends to merge Clinic Eyewear with his existing Practices to provide comprehensive services for all your optical and vision needs.*

*I am advised that Dr. Michael Pellegrino was recently given the opportunity to expand his practice with the acquisition of Bond Optical. A longstanding Durham institution since 1994, providing personalized optical care in Oshawa and the Durham Region has been their hallmark for over 23 years. Clinic Eyewear shares his vision to maximize the visual potential of every patient through the highest quality vision care. Dr. Pellegrino, and his staff are dedicated to providing a positive experience to all his patients. Viewing all patient eye care as both an honour, and a serious responsibility.*

*Dr. Pellegrino is excited to introduce Clinic Eyewear to his practice and help with continued commitment to providing unmatched optical care. To learn more about Dr. Pellegrino and Associates visit his website: [www.pellegrinoeyecare.ca](http://www.pellegrinoeyecare.ca).*

*Dr. Pellegrino is thrilled to have the opportunity to give back once again to the community of GM workers and automotive industry workers in the Durham community. I am advised that Dr. Pellegrino's father, Rolando Pellegrino, was a Millwright at the Oshawa Truck Plant for more than 30 years, and Dr. Pellegrino himself worked at GM as a summer student for many years. It is his hope that with hard work and dedication, the entire Bond Optical team will carry these proud traditions into the future.*

*You have always been our valued client and have trusted us from the very beginning, for which we are very thankful to you, and through this transition we hope to maintain great service and optimal vision for the years to come.*

Thanking you!

Yours truly,

**Lorne Sellick – The Owner of Clinic Eyewear Optical**
